

The "BATON" OMNI 18

Omni Directional Antenna 698 To 2700Mhz

The "BATON" Omni Antenna

Code: ANT-OA-BATON-18

Product Description

- Omni Directional Antenna 18dBi
- Frequency Band 698-960Mhz 1695-2700 MHz
- Typically both used for Outdoor distribution of GSM/CDMA, 3G/4G LTE services.
- Low return loss, High performance
- Quality construction, light-weight and easy to install.
- 18 dBi Gain on Low and High Bands
- Pole Mounting Bracket (Included)
- Connector Type N Female

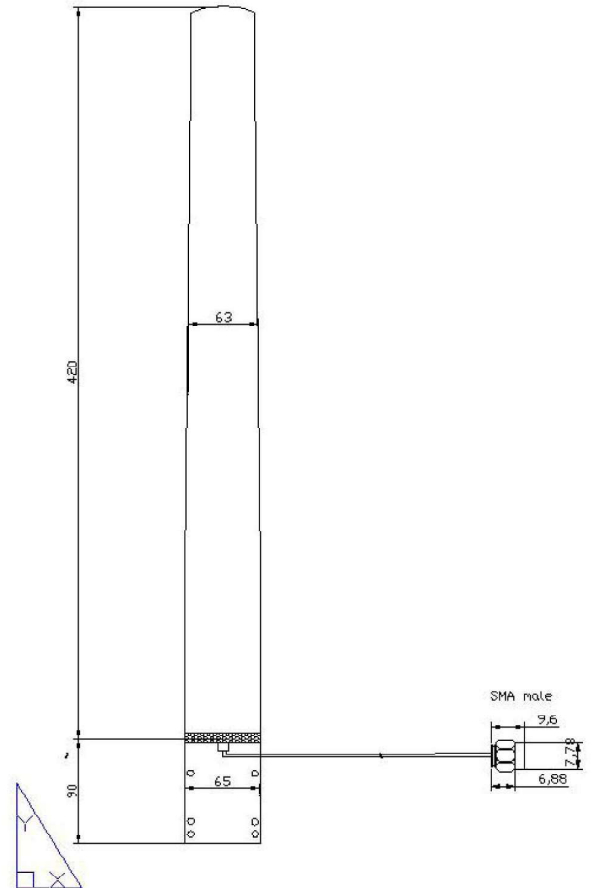

Electrical Specifications	
Frequency Range (MHz)	698-960Mhz 1695-2700 MHz
Polarization	Vertical
Gain (dBi)	18dBi
Radiation Direction	Omni directional
VSWR	≤2
Operating Temperature	-40 to +65°C
Input Impedance (Ω)	50 Ω
Maximum Power (W)	50W
Physical Specifications	
Antenna Length	420mm 63mmØ 510mm 63mmØ
Weight	357g without mount, 491g with mount
Cable Type	RG58
Cable Length	30mm
Connector Type	N Female waterproof connector
Mounting	Pole Mount (Bracket Included)
Radome Material	UV stable PVC
