

The “G-SPOT-YAGI-12”

Yagi Directional Antenna 890-960MHz

The “G-SPOT-YAGI” Antenna

Code: **ANT-OA-G-SPOT-YAGI-12**

Product Description

- Yagi Directional Antenna Welded 12dBi,
- Frequency Band 890MHz - 960MHz
- Typically both used for Outdoor distribution of GSM/CDMA, 3G/4G LTE services.
- Low return loss, High performance
- Quality construction, light-weight and easy to install.
- 12 Welded Elements
- Mounting bracket MNT-OA-YAGI-SS (sold separately)
- Connector Type N Female

Electrical Specifications

Frequency Range (MHz)	890MHz-960MHz
Polarization	Horizontal or Vertical
Gain (dBi)	12 dBi
3dB Beamwidth	H: 40° E: 36°
VSWR	≤1.5
Front To Back Ratio	≥18 dB
Input Impedance (Ω)	50
Maximum Power (W)	200
Lightning Protection	Direct Ground

The "G-SPOT-YAGI-12"

Yagi Directional Antenna 890-960MHz

Mechanical Characteristics

Connector type	Type N Female
Mount Type	Mast/Pole Mount Ø40-Ø60 mm
Cable length (Meter)	.50m
Material	Aluminium Black
Dimensions (mm)	957x172x65
Max Wind Load	60 m/s
Weight (g)	380

VSWR:
